

# CONSTRUCTION NOTICE

Town of Slave Lake MD of Lesser Slave River 124  
and Sawridge First Nation

## Raw Water Transmission Line

Expected Project Start Date: January 1, 2018

Expected Project Completion Date: July 31, 2018

### Construction Details

- Project scope includes the installation of a new raw water transmission line from the Hamlet of Wagner to the Town of Slave Lake.
- Work hours are expected to be 7am to 7pm, seven days per week
- The transmission line will be installed trenchlessly, but excavations will be required every 300m-400m.
- Construction will restrict traffic to a single lane for short distances along streets and access roads. Major Highways will not be affected.
- Parking restrictions may also be placed into effect around the work areas.
